---

(android ), the Nebelhorn Medien GmbH and the [Hannoverscher Yacht-Club e. V.](#) used this App for the worlds of the Flying Dutchman in 2016 successfully for the first time. The App will bring informations about notices and/or other informations for competitors to your smartphone.

### **What do you have to do to get the App??**

The easy way is to go over the App „Handbreit“, search for the App "WVStM" and save the App on your phone.

There you can select that events where you are competitor and for which you want to have informations.

### **What is new at this service?**

New is at first the information on your smartphone if there are new notices for your event on the blackboard. This App will bring the contents directly to you.

### **How much is the App?**

This App is free of costs for competitors on events on lake Steinhude.
